

LATE EDITORIAL.

THE mint should stand on both metals.—Thomas Jefferson.

THE GUARDIAN job office is now executing the finest job work ever done in Graham county and challenges comparison with any in Arizona.

THE Democratic State Central Committee of Missouri on Monday last unanimously decided to call a convention to consider the silver question. The date is undecided.

Reports indicate that the Mexican Exposition to be held next year in the city of Mexico will be a magnificent affair and most creditable to the enterprising spirit of our sister Republic.

THE Mohave Co. Miner is one of the most enterprising and most ably edited local silver papers in the West. Bro. Smith we congratulate you and wish you all the joys and prosperity due to worthy journalistic effort.

It is noticeable that the Safford article does not have the same effect upon the editor of the GUARDIAN that Phenix and Tucson whiskey has upon Bulletin man. Bro. Kelly moralizing on the effects of whiskey! Ye Gods! what next!!!

The city of Prescott is one of the most pleasant inland cities of the "Great West" during the summer season. The city has an altitude of 5,600 feet, and being surrounded by mountains clad in evergreen it is always blessed with refreshing breezes.

The supreme court last week at Prescott decided that sheriffs and peace officers are entitled to mileage one way only in the service of warrants. There is no mileage in returning, but the actual expense of the person is allowed under the law.

In the early days of California punishment for crime was swift and severe. On the 23d day of July 1852 a man named George Tanner was hanged according to law, for grand larceny of \$400 worth of groceries after the case had been appealed to the supreme court and affirmed just three months and twenty days after the larceny was committed.

THE Board of Supervisors have fixed the salary of Probate Judge at \$450.00 per year and that of Deputy Recorder and Clerk of the Board at \$720.00 per year. The latter position has been filled heretofore at but \$500.00 per year. Now is the time to economize and some of the friends of the Probate Judge are inclined to criticize the Board for going to the limit in fixing the compensation of the Deputy Clerk of the Board.

THE retirement of John O. Dunbar from the editorial chair of the Phenix Gazette takes from the ranks of Arizona journalism, one of our ablest writers. John is a thorough newspaper man and while he may make mistakes occasionally that must be expected from every one and withal he is a clever, brilliant writer, a genial companion and a good fighter when thoroughly aroused.

We hope John will soon be in the working ranks again.

Joseph Cook the eccentric preacher of the East made an egregious ass of himself at Honolulu on the 4th of July while attempting to deliver an oration, by entering into politics and making a vigorous attack upon President Cleveland. He was at once called down for it and retired from the rostrum in high dudgeon. We may criticize Mr. Cleveland among our selves, but should not allow true Americans should regard him as the American president of the whole people.

THERE are few things that speak better for a country or community, than good roads. The building of the railroad through the valley has displaced the freight teams with their heavy wagons, and if our road overseers exercise due care the improvement of our roads ought to steadily continue. Complaint has reached us of the almost impossible condition of the Graham street just north of town and it ought to be put in better shape at once. In fact all the roads leading into such an important centre as Safford should be kept in good condition at all times.

A FEW members of the Arizona press association met in Prescott the other day and passed a resolution endorsing the acts and administration of Governor Hughes. There was not a quorum of bona-fide members present and the resolution is a sort of snap judgment on those of the association who could not attend. Besides passing these resolutions, there were elected to membership, some men who are wholly ineligible. Two of these new men are pressmen and never wrote a line for a newspaper in their lives. We know Arizona has a lot of unusually intelligent devils and pressmen, who could run a paper as well as some editors but under the rules of the Arizona Editorial association, none but editors or owners of papers are eligible and none others should be admitted.—Vidette.

Under its new management the Phenix Gazette starts forth with commendable promises as to its future policy. There are no truer stauncher democrats in the land than Tom Smith and Joe Alexander who always tread in the time honored, well beaten paths of the party fathers. Bro. Burnett as a Democrat, is "rock-ribbed and copper riveted." He wields a trenchant pen, is faithful to his friends and knows how to fight the common enemy. There is a good field for such a paper as the Gazette promises and it ought to become the influential paper of Arizona. The GUARDIAN looks hopefully to the future of the Gazette.

THE District Attorney of Cochise County, so reports say, "has apparently thrown off" on the Classification Law. In the suit which went from that County to the Supreme Court he did not attend the Supreme Court at all and signed a stipulation, which, if binding on the court, will be a complete surrender of the new law. It is said that he refused to consent to the District Attorney of Graham County appearing in the case in support of the law. He appeared without his consent however, and through the courtesy of the Supreme Court, will file a brief and argument in the case supporting the law.

THE name of Hon. John C. Herndon is prominently mentioned for the governorship in case of Gov. Hughes removal, which seems to have been determined upon. Of all the applicants named no Democrat would give better satisfaction to the people generally than Mr. Herndon. He is an able and honest man, which is something remarkable in a profession which in Arizona has come to be regarded as quite as disreputable as journalism from the number of dead beats which comprise it. An honest lawyer ought to be encouraged.—Florence Tribune.

Our twelve counties in Arizona but two of them have in any manner recognized the so-called "Immigration Commissioner Law," the other ten counties in the Territory ignoring it altogether. The desire to economize in the matter of Territorial and county affairs seems to be universal throughout the Territory. If it were not for the heavy indebtedness hanging over us, caused by official extravagance in past days the opponents of Statehood could never have postponed our admission so long as they have.

THE candidacy of General Hardin for governor of Kentucky on a straddling platform is much disturbing the goldbugs. They point out the incongruity of his position and urge that as a silver man he cannot defend the platform, while the framers of the platform cannot defend him. Be these things as they may, and there is a great deal of truth in them, the thing which most troubles the unadulterated gold men is the probability of Mr. Hardin's election.

I AM certainly of the opinion that gold and silver, at rates fixed by Congress, constitute the legal standard of value in this country; and neither Congress nor any State has authority to establish any other standard, or to displace this standard.—Daniel Webster.

TO ANNUL the use of either of the metals as money is to abridge the quantity of circulating medium and is liable to all the objections which arise from a comparison of a full, with the evils of a scanty circulation.—Alexander Hamilton.

READ THE GUARDIAN.

Jimmie Reavis stated on the witness stand that he had received from the several companies organized to push his claim, \$65,000; from the Southern Pacific, \$50,000; from the Silver King Mining Co., \$25,000; from various individuals about \$25,000, and from parties in Arizona for releases, \$1,000 to \$1,500. He also said he held notes to the value of \$5,300,000 for water rights and land in Arizona sold contingent on the grant being confirmed.

If the Arizona Statehood bill passes this fall, we ought to be admitted some time during the coming winter.—Epitaph  
"So mote it be" says THE GUARDIAN.
